**Questions? Contact Della McGrath**  
Email: dellamcgrath@qwestoffice.net or phone: 319-358-8448.
Pappajohn Biomedical Discovery Building, University of Iowa
Newton Road, Iowa City

While we will be meeting in the Carver Biomedical Research Building at 285 Newton Road (right across Newton Road from the parking ramp), we will be hearing about and touring the newly-completed Pappajohn Biomedical Discovery Building. Ken Berzinski, Principal with Rohrbach Associates and Project Architect for PBDB, will give the presentation and assist with the tour. Steve Schlote, Facility Manager with Carver College of Medicine will also assist with the tour and provide coordination for the evening.

The architect of record is Rohrbach Associates, PC of Iowa City, IA. The design architect is Gwathmey Siegel and Associates Architects, LLC of New York, NY. The building has six floors of research labs and a mix of wet and dry labs. The lower levels contain the Iowa Institute for Biomedical Imaging. The building has gold level LEED certification.

The PBDB (Pappajohn Biomedical Discovery Building) was no small project. The building, which includes six above ground level floors and three below ground level floors, is connected to the Carver Biomedical Research Building/ Medical Education & Research Facility and includes generic wet laboratories, as well as support space. The University of Iowa ushered in a new age of accelerated research in biomedicine with the formal opening on Wednesday, October 15, 2014, of the $126 million John and Mary Pappajohn Biomedical Discovery Building (PBDB). The 256,000-square-foot building on the UI health sciences campus houses “high-risk, high-reward” research in diabetes, deafness, and brain science as well as complex diseases affecting the heart and lungs.

The building hosts six centers and programs, including:
- The Fraternal Order of Eagles Diabetes Research Center
- Francois M. Abboud Cardiovascular Research Center
- Iowa Institute for Biomedical Imaging
- University of Iowa Neurosciences Institute
- University of Iowa Auditory Research Program
- University of Iowa Lung Biology Center
Certified Facility Manager® (CFM)
STUDY GROUP
Anyone interested in helping set up/organize/participate in a EI-IFMA Study Group to prepare for the CFM exam, let Chapter Administrator Della McGrath know at dellamcgrath@qwestoffice.net or 319/358-8448.
